Fourlis

Fourlis Sports Day 2026: Promoting well-being and team spirit through sports

At Fourlis Group, supporting our people and promoting health and well-being are long-standing priorities within our Sustainability and Social Responsibility strategy.

As part of this commitment, the Group's Sustainability and Social Responsibility Department organized Fourlis Sports Day 2026 on Sunday, October 11, at KICKS Academy in Spata, bringing employees and their families together for a day dedicated to physical activity, teamwork and connection.

The event featured a range of sports and recreational activities, including football, tennis, running and brisk walking, team challenges, stretching and mobility sessions, as well as dedicated activities for children. Designed to encourage participation regardless of athletic experience, the initiative highlighted the importance of physical activity and shared experiences in strengthening relationships and promoting well-being.

Fourlis

Fourlis Sports Day reflects the Group's ongoing commitment to fostering a supportive workplace environment that prioritizes employee well-being, strengthens interpersonal connections and encourages a healthy work-life balance.

We remain committed to investing in initiatives that put our people first and foster a culture built on collaboration, participation and well-being.
