

Volunteering Day 2025 – Tree Planting in Varibobi

The 2025 Volunteer Day, which included tree planting in Varibombi, Attica, was held with great success on Sunday, October 12, 2025, and was organized by the Sustainable Development and Social Responsibility Department of Fourlis group, in collaboration with the environmental organization WE4ALL.

Fourlis group employees and their families participated with great enthusiasm in this meaningful environmental initiative, aiming to help restore an area that had been affected by wildfires. During the day, volunteers attended a short presentation by the WE4ALL team on the importance of tree planting and received practical guidance on proper planting and tree care techniques. Afterwards, adults and children joined forces to plant dozens of new trees, bringing life and greenery back to a landscape that truly needed it.

Furlis

The event concluded with moments of relaxation and meaningful conversations, while children took part in a creative workshop that helped them learn about the value of nature and the importance of respecting and caring for the environment. It was a day filled with team spirit, positive energy, and genuine contribution, reminding us that when we act together, we can truly make a difference.
