

Cultural walk in Psyrrri: Exploring history and heritage

Sustainability and Corporate Social Responsibility Department of Fourlis Group successfully organized another “Cultural Walk” on Sunday, April 19, 2026, in the Psyrrri neighborhood of Attica, in collaboration with the Society for the Environment and Cultural Heritage – ELLET.

This initiative, launched in 2023, offers employees a unique opportunity to explore the city’s history and cultural heritage through an educational walking tour. Guided by an experienced tour guide, participants visited key landmarks of the area, discovering historical insights linked to the Greek War of Independence and notable figures.

This initiative reflects the Group’s ongoing commitment to promoting culture, sustainability, and meaningful engagement with the social and historical environment.
