

Press Release

## IKEA Among the True Leaders 2022 by ICAP CRIF

[IKEA](#), a Fournalis Group company, has once again distinguished itself in the Greek market and has been recognized by ICAP CRIF as a True Leader 2022. This distinction indicates that IKEA is among the 500 most profitable companies for 2022, while also being among the 500 companies with the highest number of employees, which increased from 2021 to 2022. At the same time, IKEA's recognition as a True Leader places it at the top of its industry based on its recorded turnover, while it is also evaluated with a high ICAP CRIF Score.

This year's award ceremony took place during the Official Ceremony, celebrating healthy entrepreneurship, on Tuesday, December 19, 2023, at the Grand Hyatt Athens hotel. The event was attended by 300 senior executives from leading companies and representatives of the most important business organizations in our country. IKEA was represented by Mr. Manos Manoussakis, IKEA Finance Manager Planning & Controlling.

For the 13th consecutive year, ICAP CRIF rewards companies and groups that manage to respond to the business challenges that arise in the Greek reality, as happened in 2022, and lead by achieving growth. The evaluation criteria used by the institution during highlighting the leading companies are objective, without subjective opinion intervening. ICAP CRIF is the only company in Greece that has been recognized as a **Credit Rating Agency** by the **European Securities and Markets Authority** (ESMA) and as an **External Credit Assessment Institution** (ECAI) by the Bank of Greece.

**Mr. Manos Manoussakis, IKEA Finance Manager Planning & Controlling**, stated upon receiving the award: *"We are particularly happy about this distinction. We always strive, regardless of the business challenges that arise in our path, to respond to the difficulties of Greek business activity and to make progress. We are proud that our efforts are recognized by reputable organizations and companies such as ICAP CRIF, and we are committed to continuing to make our best efforts for future challenges and successes."*
